20 ft DisplayPort® Cable with Latches - M/M

StarTech ID: DISPLPORT20L

The DISPLPORT20L 20-foot DisplayPort® Cable supports a maximum bandwidth of 10.8 Gbps, and is capable of providing higher performance than either HDMI® or dual link DVI, while supporting next generation multimedia applications with a maximum resolution capability of up to WQXGA (2560×1600).

The cable features latching connectors, with support for two-way display connectivity and optional audio support.

Featuring 26 gauge (AWG) pure copper wire, the cable includes Aluminum and Mylar shielding to help eliminate EMI and RFI interference and maintain signal integrity without any degradation of quality.

This 20-foot DisplayPort cable is both HDCP and DPCP capable, ensuring that digitally protected content is displayed properly on the connected display.

Applications

- Connecting a DisplayPort® display to a PC or other DisplayPort source

Features

- Molded latching connectors with strain relief
- Designed and manufactured to DisplayPort® standards
- Supports the DPCP (DisplayPort Content Protection) standard in addition to HDCP
